

REMARKS

Reconsideration and allowance in view of the foregoing Amendment and the following Remarks are respectfully requested.

The statement of priority claim to U.S. Patent Application No. 09/640,272 in the specification has been amended as per Examiner's comment under *Priority* in the office action of March 24, 2011.

Claims 1-15 were rejected under 35 U.S.C. 112, 2<sup>nd</sup> paragraph. Cancellation of claims 1-15 is believed to render the rejection on these grounds moot.

New Claim 16 has been added as suggested by the Examiner in the Interview Summary of March 25, 2011, and as modified by follow-up interview(s) with Examiner on or about April 1, 2011. It is therefore believed that Claim 16 is now in proper form for reconsideration and withdrawal of all rejections are requested.

Informalities in the Specification, Drawings, and Claims, and all rejections of claims previously filed having been addressed, it is respectfully submitted that the present application is in condition for allowance and a notice to that effect is requested.

Respectfully submitted,

Mamoud Sadre, Applicant/Inventor
